

## Special Issue, March 2020

### Special Article

On behalf of Dr. Arlene Taylor, we are sending out this special issue of the Brain Bulletin. Dr. Taylor has received many requests for information about this new Coronavirus Pandemic. She has written a short article answering many of those questions and asked me to send it out to the Brain Bulletin mailing list. Feel free to share it with others. Here is [Coronavirus Pandemic: Panicked or Prudent](#),

Jacqueline Hegarty, Webmaster

## Birds & Brains

Dr. Taylor also asked me to tell you that the new 12-part series "Birds & Brains" is available on her [Brain Talk](#) YouTube channel. If you are spending more time at home these days, she hopes you enjoy them as much as she and her team enjoyed creating them. There are also some educational [DVDs](#) you may find interesting.

## Taylor's Blog

Be sure to follow Dr Taylor's weekday blog as she is posting daily about coronavirus issues, as well as providing a way to stimulate your brain while learning more brain bits. Access Taylor's blog:

- Directly at <http://arlenetaylor.blogspot.com/> (on your phone or computer)
- From the website homepage ([www.arlenetaylor.org](http://www.arlenetaylor.org))
- Have it sent directly to your email\* or a web-based news reader (such as <https://feedly.com>)

You may also access Taylor's Blog on [Facebook](#) and [Twitter](#).

\*Here's how to get Dr. Taylor's blog posts sent to your email address. If you are accessing the blog on your phone, scroll all the way down to the bottom and tap on "View web version." Then (on the phone web version or on your computer or tablet) scroll down, look on the right side, and find the "Follow by Email" window, enter your email address, and click on SUBMIT. You will receive a confirmation email at that address which you must respond to in order to be subscribed to the blog posts.
